

FinSakhi - Digital Banking & Mobile Wallet Security Guide

Published by Pon Crystal Foundation | Cyber Crime Portal: cybercrime.gov.in

1. Mobile Banking App Security Setup

- ? Lock your smartphone with strong PIN, Pattern, or Fingerprint biometric security.
- ? Enable 2-Factor Authentication (2FA) on all banking, UPI, and mobile wallet accounts.
- ? Never share OTP (One Time Password), ATM PIN, or Internet Banking Passwords with anyone.

2. Beware of Remote Access App Traps

- ? Never install apps like AnyDesk, TeamViewer, QuickSupport, or RustDesk on caller request!
- ? Scammers use these apps to view your phone screen and steal banking passwords silently.

3. Safe Internet & Wi-Fi Habits

- ? Never conduct online banking or UPI transactions using public, open, or unsecured Wi-Fi networks.
- ? Check for 'https://' and padlock icon in the browser address bar before entering passwords.

4. Emergency Support & Helpline Numbers

- ? National Cyber Financial Crime Helpline: Dial 1930 (Available 24x7, Toll-Free).
- ? RBI Banking Ombudsman Helpline: Dial 14448 for unresolved bank complaints.
